

ITS World Congress 2018

Letzte Aktualisierung 05. September 2018

ITS World Congress, Copenhagen

The ultimate showcase of mobility services and deployment is less than a month away! If you are interested in the latest trends in smart and integrated transport, the ITS World Congress is the ideal opportunity to contribute to and shape the discussion, share knowledge about the latest technologies and learn about policy developments globally. Click on the link below to join thousands of other smart mobility enthusiasts at the biggest and most important Intelligent Transport Systems event of the year!

The third and last plenary session entitled 'What's next for automated mobility?' will take place on Friday 21 September at 11:00 with a specific focus on opportunities and challenges associated with connected and automated transport.

Panellists will debate the key question: Where do we want to be in 2030 and how do we want to get there?

The session will be moderated by Louise Wolff and the keynote speech will be delivered by Ms Despina Spanou, Director for Digital Society, Trust and Cybersecurity, DG Connect from the European Commission

Speakers include:

- Mr Mohamed Mezghani, Secretary General, International Association of Public Transport - UITP, Belgium
- Mr Paul Retter, Chief Executive and Commissioner, National Transport Commission, Australia
- Mr Wassim Chourbaji, SVP Government Affairs and Public Policy, Qualcomm, USA
- Mr Thomas Møller Thomsen, President Region I, Fédération Internationale de L'Automobile (FIA)
